**Message:** Hi my name is (b) (6) I have never contacted any government official before so I guess I will go right to the top. We have a issue in southfield mi there is a oil and gas company trying to drill for oil in a residential area on church property the church is called word of faith. I have lived in southfield for over ten years I have raised my kids here and I have been a,coach on the local level. This is a very proud and thriving mixed community the environmental Hazzard that come with them drilling for oil in this community will devastate this community it will lower property values as well as pollute our water iam about a hour away from flint mi which has undergone a humanitarian Disaster we need your help
